

## **Commonly Asked Questions for Admission Requirements – SUSS Full-time Programmes**

### **INTERNATIONAL BACCALAUREATE (IB) DIPLOMA**

**1) If I am taking my IB Diploma examination after the application closes, can I still apply for admission?**

Yes, you can apply for admission with your predicted IB results (as attested by your high school).

If you wish to have earlier admission consideration before the actual IB results are released in July, it is recommended that you also submit SAT scores with your application.
